Environmental Assessment (EA) and Finding of No Significant Impact (FNSI) for the BRAC 95 Realignment of Personnel and Functions to Fort Wainwright, AK

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: In accordance with Pub. L. 101-510, the Defense Base Realignment and Closure (BRAC) Commission recommended the realignment of the Northern Warfare Training Center (NWTC) and the Cold Regions Test Center (CRTC) from Fort Greely, Alaska, to Fort Wainwright, Alaska. The action could begin no earlier than July 1997 and is to be completed no earlier than July 2001.

The EA analyzed the environmental and socioeconomic realignment effects to Fort Wainwright and the adjacent Fairbanks area. In addition to the directed moves, discretionary moves of such units as the Aviation Detachment and Law Enforcement Command are planned. These units will be absorbed into similar activities at Fort Wainwright. A total of approximately 92 military and 47 civilian positions would be relocated from Fort Greely to Fort Wainwright.

BRAC-funded projects at Fort Wainwright are analyzed. These include two military construction projects—a Missile Test Facility to support the CRTC and four 5-bedroom housing units. Existing facilities will also be renovated for use as office space.

The EA considered five alternatives for effecting the realignment from Fort Greely to Fort Wainwright. These were: (1) constructing four 5-bedroom units for additional housing and upgrading existing on-post facilities for office space, (2) using off-base housing to meet housing needs and upgrading existing on-post facilities for office space, (3) constructing four 5-bedroom units for additional housing and constructing new on-post office facilities, (4) using

off-base housing to meet housing needs and constructing new on-post office facilities, and (5) no action, *i.e.*, continuation of existing conditions of the affected environment, without implementing the proposed action. Alternative 1 is the preferred alternative.

The Army has concluded that the realignment of the NWTC and the CRTC from Fort Greely to Fort Wainwright does not constitute a major Federal action significantly affecting the quality of the natural or human environment. Because no significant impacts would result from implementing the proposed action, an environmental impact statement is not required and will not be prepared.

DATES: Public comments must be submitted on or before April 20, 1998.

ADDRESSES: Copies of the EA and FNSI may be obtained by writing or inquiring to the U.S. Army Corps of Engineers, ATTN: CENPA-EN-CW-ER (Mr. Guy McConnell), P.O. Box 898, Anchorage, Alaska 99506-0898, or by telefax at (907) 753-2625. The EA is also available for review at the Environmental Office, Building 3023, Fort Wainwright, Alaska. Please contact Mr. Ken Spiers at (907) 353-6323.

Dated: March 18, 1998.

Richard E. Newsome,

Acting Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health) OASA (I, L&E).
